### Osman Digna's Forces Routed by the British Troops.

**A Five Hours' Battle—The Arabs Sustain Heavy Losses—The March Beyond the Hashem Hills—The Madir of Dongola Moving on the Rebels—Bismarck's Birth-Anniversary—Foreign News.**

**SCAKI, March 20.**—The British forces set out again this morning at daylight in the direction taken yesterday. They carry two days' rations and 20,000 gallons of water. They have six Gatling guns. A battle is believed to be imminent on the hills beyond Hashem.

**THE MARCH BEYOND HAHSEM.**  
**LONDON, March 20.**—Kort's dispatches state that the Madir of Dongola is twelve miles above Minawi with 800 Egyptian troops and three guns, including one Gatling. **M'CABE'S RESSURSION.**  
**DUBLIN, March 20.**—Bishop Donnelly, it is reported, has been summoned to Rome. The National Leagues are much irritated over the report. March 20 the Catholic Clerical Conference of this archdiocese nominated three candidates to succeed Cardinal McCabe in the archbishopric.

Of these, Bishop Donnelly was the second choice. The other candidates were Dr. Walsh, President of Maynooth College, and Dr. Tynan. The names were sent to Rome and it was hoped that Walsh would be selected by the Vatican, because in addition to his great learning and virtue, his political leaning, the doctor being a moderate conservative, would lead to the great majority of Catholics in Ireland. Bishop Donnelly is a Loyalist, Nationalist, and look upon this as another instance of the ascendancy of British influence over the Pope.

The balloting began in the usual manner, Haines not voting. There were ninety-eight votes for Morrison, one for Ward and one for Stephenson. This made 100 votes for the Republican ticket. It was given out that the Democratic Steering Committee had decided to keep the ball going until something happened, and the fun began on the fourth ballot. It Is Not Singular that consumptives should be the least apprehensive of their own condition, while all their friends are urging and beseeching them to be more careful about exposure and overworking. It may well be considered one of the most alarming symptoms of the disease when the patient is reckless and will not believe that he is in danger. Reader, if you are in this condition, do not neglect the only means of recovery. Avoid exposure and fatigue, be regular in your habits, and use faithfully Dr. Pierce's Golden Medical Discovery. It has saved thousands of lives.

## A HOSPITAL ROMANCE.

Two Sufferers in Bellevue Hospital Fall in Love and Get Married.

New York, March 20.—Mrs. Marietta Johnson was admitted to Bellevue Hospital on June 19 last, and assigned to ward 15, to be treated for hip trouble. She was a bright little woman, with sparkling black eyes, and was always gay and cheerful in spite of her infirmity, which compelled her to move on crutches. Whenever she could not-hole a doctor, she would discuss her prospects with him, and when no doctor was around she would sit by Miss Remsen, who presides over the ward, and talk with her. She was always occupied, and always felt confident that she would leave the hospital cured. But her wildest dreams never led her to hope that she would

LEAVE THE HOSPITAL TO BE MARRIED. Henry Mundt, a very young German painter, who entered ward 15 in September, to be treated for spinal disease, never dreamed that fate meant to marry him out of the hospital, either. But all things seemed to conspire to that end. Ward 15 and 16 are next to each other, and on warm autumn days, when the windows are open, Mrs. Johnson could smile at Mr. Mundt, who sat bolt upright in a plaster jacket that was built around him to brace his spine. The young man's spine was all right, and she could sit straight with her crutches. But Mrs. Johnson was not content with that. She would sit up in bed, and talk with Mr. Mundt, who would sit up in bed, and talk with Mrs. Johnson. They would talk of the future, and of the past, and of the present. They would talk of the future, and of the past, and of the present. They would talk of the future, and of the past, and of the present.

## THE DUDES' DELIGHT.

Hirsute Happiness Now Being Enjoyed by the Young Society Man.

The Pompadour Cut—How It Is Done—Its Effects on the Hair—A Weakness of This Rapid Age.

At the theaters, skating rinks, balls and parties the past winter there has been a large number of young men whose heads presented a real surprising appearance, the hair standing stiff and straight all over their heads as though they were in a chronic state of fear. In the hotel wash-rooms it is no uncommon thing to see several dudes applying the brush vigorously to their heads with the evident intention of making each particular hair stand on end like Hamlet's peruke. Everywhere the edict has gone forth and the average young man is now as particular about his cap as the maiden is about her bonnet and curls. Very naturally this comes as a great surprise to those who have seen how uniformly careless men have been of their hair and how they have hitherto given it care and keeping entirely into the hands of their barber, and the question is at once suggested, are our young men growing effeminate? Will this craze ever reach its peak? Will it last some time longer, as it is especially acceptable to the individual who will compel his eyes to gaze on young men a few years hence as they look on the hair of the young men of today? bugging people dogs to their bosoms, and engaging in other feminine diversions?

A reporter of the Free Press interviewed a busy barber to-day, as the latter was being pushed into the hair-dressing room, and asked him, "This style," said the artist, "is comparatively new, and has received an unexpected boom this winter. It is called the pompadour, and is popular with all classes of young men, whether of high middle condition. It of course had its origin in the East and has slowly spread over the country. It will last some time longer, as it is especially acceptable to the individual who will compel his eyes to gaze on young men a few years hence as they look on the hair of the young men of today? bugging people dogs to their bosoms, and engaging in other feminine diversions?"

"What kind of hair makes the best pompadour?" "Coarse hair, by all means, as it is quite hard to give the fine quality the appearance of side-parted hair. It is called the pompadour, and is popular with all classes of young men, whether of high middle condition. It of course had its origin in the East and has slowly spread over the country. It will last some time longer, as it is especially acceptable to the individual who will compel his eyes to gaze on young men a few years hence as they look on the hair of the young men of today? bugging people dogs to their bosoms, and engaging in other feminine diversions?"

"Does the style become all kinds of heads?" "By no means. If the man with a long narrow head wants to look ridiculously like a cat, he will find it better to have his hair cut pompadour, as it will look better on a pompadour." "What kind of hair makes the best pompadour?"

## CALIFORNIA'S CLAIMS.

The Coast Boggling Hard for Federal Patronage.

Kansas Anxious for Some of the Pap-Gov-ernor's Office. That State to be a Doubtful One—Congressman Weaver of Iowa Pressing the Claims of His State—Senatorial Pictures.

SENATOR ALDRICH OF RHODE ISLAND.

WASHINGTON, March 18.—There are a number of Western Delegation in the city, anxiously waiting for some decision about the distribution of Federal patronage. There are two parties here from California. They are bitterly opposed to each other. One represents the property holders of the Democracy, and the other the land for Democracy. The property holders say that the only reason why California went Republican in the last election, was on account of the undue influence of the San Joaquin Democrats in making up the ticket for the State. They go further and say that California will be hopelessly Republican for many years to come, if the Democratic element of the Democratic party which has been so long led by Dennis Kearney, is recognized in any way by the National Government. They say also that if the administration recognizes the law-abiding class of California in its up-country, the State will come back in the Democratic line and can be held there.

SENATOR ALDRICH OF IOWA.

General Weaver of Iowa, who is here with Governor Gillett, says that the situation in Iowa is very similar to that described by Governor Gillett in Kansas. Every Republican in Iowa has a Post Office. He says that there is not one of them who did not receive a letter from the President in the last election. ## OUR CANDIDATE.

We have been asked repeatedly who our candidate was for Mayor. In order to satisfy the curiosity of an anxious public, we have had a picture of our special artist tried to catch a glimpse of his face, but signally failed. He was finally run down at the Lindell Hotel, and was found seated in the lobby reading a "Famous" advertisement in reference to SPRING OVERCOATS.

Of which we are now showing an elegant variety at \$10, \$12.50 and \$15. Also, many styles in Spring suits at equally low prices.

While the gentleman's face is obscured by the paper, the public will recognize him by the shape of his feet. He is in favor of everything for everybody, and advises the public to trade at Headquarters, which is the same is

The Gas Bill Meets With the Accident of Suffocation.

And Nearly Half a Million People Are Disposed to Dance at Its Wake—Not a Member of the Council so Brave as to Speak a Kindly Word for It.

Pity the robbers. The gas bill is dead. It is now in order for Soc Newman and his colleagues to bring suit against Messrs. Davis, Schawacker and others, to recover values of lumps and other considerations by aid of which the bill was put through the Lower House to such little purpose. If it be true, as is reported, that the legislative expense bill of the old St. Louis Company since the 1st of January amounts to over \$30,000, the meters could be expected to do some tremendous work during the next two or three months, in order to help the unfortunate corporation to pull itself into shape for another campaign after the new Municipal Assembly is organized.

The Council last night did what it might have reasonably been expected to do with the old company gas bill, in view of the public furor which had been created by the scandal in the House of Delegates. All of the members except Mr. W. B. Scudder, who introduced the bill, were present, and after a number of protracted sessions, the bill was passed by a vote of 10 to 9.

There are only four secular days remaining of the present term of the Council, time being so short that it is impossible to discuss any of the bills introduced.

Resolved, The City Council declines to consider the resolution of the Council, which was introduced by Mr. Scudder, and which was passed by a vote of 10 to 9.
